### About This Game

From Dischan Media, creators of the highly acclaimed *Juniper's Knot*, comes *Dysfunctional Systems: Learning to Manage Chaos*.

*Dysfunctional Systems* is a visual novel series featuring Winter Harrison, a student mediator from a utopian world. *Learning to Manage Chaos* is the first entry in the series.

What is a mediator? A mediator is someone who travels to chaotic worlds, attempting to resolve the issues plaguing them. The first entry in the series follows Winter's second mediation, where she shadows the experienced and aloof mediator: Cyrus Addington.

*Dysfunctional Systems: Learning to Manage Chaos* features two distinct endings, unlockable bonus art, an animated opening video, and a jukebox of in-game music.

### What is a visual novel?

A visual novel is a mix of choose your own adventure books, comics and manga, music, and animation. Play through the story and make choices for the main character to change the outcome of the episode and the events of future episodes!

### Soundtrack Included

All Steam purchases of *Dysfunctional Systems: Learning to Manage Chaos* include the official soundtrack absolutely free! Enjoy
